Profile

I am a fresh graduate. I love to learn all about new things, I am interested in web development and have several portfolios with Laravel, and I am also interest building the frontend using ReactJs. I am focusing my skills, especially as a web developer with PHP and Javascript or other similar things. Currently, I am learning advanced skills such as application performance and working as a freelance web developer.

Experiences

PT.Sinergi Digital Solusindo   Jun 2022 – Jun 2022
WMS Application Go-Live Trainer (Freelance)

When I was a bachelor's student, I took a job as a freelance trainer for one week at PT. Pertamina Lubricants, based on DSP Batakan, Balikpapan. My daily job was to :
- Train employees to use the Warehouse Management System Applications
- Working with their company to handle inbound and outbound ▪ Reporting issues in WMS applications to customer service

Alterra Academy   Feb 2022 – May 2022
React JS Front-End Engineer (Internship)

I also participated in a Study independent Program at Kampus Merdeka. I asked many questions and learned about web development. My daily tasks included:
- Learn basic UI/UX with Figma, Git, React.Js, Redux, GraphQL, and Deployment Project
- Making some mini projects ▪ Finished the daily task

PT.Gama Integra Informatika   Sep 2021 – Jan 2022
Frontend Web Developer (Internship)
- Slicing from the UI/UX design wireframe
- Consume Api From Backend
- Build the Tambak Udang frontend using the Angular framework
- Collaborate with the System Analyst, UI/UX designer, and Backend
- mentoring class with materials about Analyst System, Ui/UX, Github, CI/CD, Angular, and Lumen JWT

Universitas Teknologi Yogyakarta   Sep 2021 – Jan 2022
Assistant Lecturer
- Teaching a web programming practice course for one semester (3 SKS)
- preparing learning materials about HTML, CSS, JS, PHP, jQuery, and MySQL
- Create a weekly task
- Correcting weekly student tasks
- Creating student task assessment reports

SEVEN INC JOGJA   Aug 2021 – Dec 2021
Web Programmer (Intership)
- Working with Ci4
- Fixing bugs at Djuragan.com
